After reviewing our 1990 files, we have found your name listed to receive a call ahead (24 hrs. prior notification) when a Chemlawn service application is to be applied near your home. We are pleased to inform you that Chemlawn Inc. will continue this voluntary public service in 1991, however:

We would like to update your files. Please complete and return the attached questionnaire as soon as possible and your call ahead request will be reactivated for 1991.

We look forward to serving you and the community in the new year.

Thank you,

Bob Ruddock
